What's New

The IRS has created a page on IRS.gov about Form 8827 and its instructions at www.irs.gov/form8827. Information about any future developments affecting Form 8827 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

Corporations use Form 8827 to figure the minimum tax credit, if any, for AMT incurred in prior tax years and to figure any minimum tax credit carryforward.

Who Should File

Form 8827 should be filed by corporations that had:

- An AMT liability in 2010,
- A minimum tax credit carryforward from 2010 to 2011, or
- A qualified electric vehicle credit not allowed for 2010 (see the instructions for line 3).

Line 3

Enter any qualified electric vehicle credit not allowed for 2010 solely because of tentative minimum tax limitations.

Line 5

Enter the corporation's 2011 regular income tax liability (as defined in section 26(b)) minus any credits allowed under Chapter 1, Subchapter A, Part IV, subparts B, D, E, and F of the Internal

Revenue Code (for example, if you are filing Form 1120, subtract any credits on Schedule J, Part I, line 5a, through 5c, from the amount on Schedule J, Part I, line 2).

Line 6

See the 2011 Instructions for Form 4626 to find out if the corporation is treated as a "small corporation" exempt from the AMT for 2011. If the corporation is a "small corporation" exempt from the AMT, see section 38(c)(5) before completing line 6 for special rules that apply to controlled corporate groups, regulated investment companies, and real estate investment trusts.

Line 7b

A corporation can elect (under section 168(k)(4)) to accelerate its use of unused minimum tax credit carryforwards from tax years beginning before 2006 and obtain a refundable credit in lieu of any special depreciation allowance for eligible property (discussed later). If the election is made, the corporation must do the following.

- Forgo the special depreciation allowance for the eligible property, and
- Use the straight-line method of depreciation of such property.

An election to claim pre-2006 unused research credits or minimum tax credits in lieu of claiming the special depreciation allowance made by a corporation for either its first tax year ending after March 31, 2008, or its first tax year ending after December 31, 2008, continues to apply to certain extension property (as defined in section 168(k)(4)(H)), unless the corporation made an

election not to apply the election made under section 168(k)(4) to extension property for its first tax year ending after December 31, 2008. Generally, qualified extension property is long production period property and noncommercial aircraft if acquired after March 31, 2008, and placed in service after December 31, 2009, but before January 1, 2011.

Round 2 extension property. An election to claim pre-2006 unused minimum tax credits in lieu of claiming the special depreciation allowance made by the corporation for either its first tax year ending after March 31, 2008, or its first tax year ending after December 31, 2008, continues to apply to round 2 extension property (as defined in section 168(k)(4)(I)) unless the corporation makes an election not to apply the original election to round 2 extension property. Generally, round 2 extension property is property that is eligible qualified property solely because it meets the requirements under the extension of the additional special depreciation allowance to certain property placed in service after December 31, 2010. See section 168(k)(4)(I).

If the corporation did not make the election for either its first tax year ending after March 31, 2008, or its first tax year ending after December 31, 2008, the corporation may elect for its first tax year ending after December 31, 2010, to claim pre-2006 unused minimum tax credits in lieu of claiming the special depreciation allowance only for round 2 extension property.

Once made, these elections cannot be revoked without IRS consent.

For more information on the election to accelerate the research or minimum tax credit for eligible property, including information on how to make the elections, see Rev. Proc. 2008-65, 2008-44 I.R.B. 1082, available at http://www.irs.gov/irb/2008-44_IRB/ar15.html; Rev. Proc. 2009-16, 2009-06 I.R.B. 449, available at http://www.irs.gov/irb/2009-06_IRB/ar10.html; and Rev. Proc. 2009-33, 2009-29 I.R.B. 150, available at http://www.irs.gov/irb/2009-29_IRB/ar09.html.

For more information on the special depreciation allowance, see the Instructions for Form 4562 and Pub. 946, How To Depreciate Property.

S corporations that make the election to accelerate the credit can use the credit only against the built-in gains tax. See the instructions for Schedule D (Form 1120S), line 20. Corporations that file Form 1120-REIT or Form 1120-RIC must apply the credit first against the built-in gains tax, if any, and reduce the refundable credit by the amount

so applied. See the instructions for line h of the Built-in Gains Tax Worksheet in the separate instructions for those forms.

Line 8

If the corporation had a post-1986 ownership change (as defined in section 382(g)), there may be a limit on the amount of pre-change minimum tax credits that can be applied against the corporation's tax for any tax year ending after the ownership change. See section 383 and the related regulations. To figure the amount of the pre-change credit, the corporation must allocate the credit for the change year between the pre-change period and the post-change period. The corporation must use the same method of allocation (ratable allocation or closing-of-the-books) for purposes of sections 382 and 383. See Regulations section 1.382-6 for details.

Also, there may be a limit on the use of pre-acquisition excess credits of one corporation to offset the tax attributable to recognized built-in gains of another corporation. See section 384 for details.

If either limit applies, attach a computation of the allowable minimum tax credit, enter the amount on lines 8a and 8b, and write "Sec. 383" or "Sec. 384" in the dotted line to the left of the line 8a and 8b entry spaces.
